In a recent advance in Albania,
according to reports received, a Ger-
man general and several other Ger-
man officers were made prisoners
dressed in pink pajamas, so com-
pletely were they surprised. The same
source confirms reports of the excel-
lent work of British monitors. They
shelled most effectively the retreat-
ing Austrians near the coast.

The renomination of Senator Oh-
lie M. James effectually disposes of
hopeful W. P. Kimball may have had
of profiting by his death after nomi-
nations were closed. If Senator
James should die before Oct. 15th
a nomination would be made by the
Committee. His condition is growing
more favorable.

Lloyd Ackermann, a sergeant in
the United States regulars in France,
was killed in action on July 19, ac-
cording to a telegram received to-
night by his father, H. C. Ackerm-
ann, of Evansville. He had been
in the army seven years, and was
one of the first to go with Gen.
Pershing to France.

It has been learned that the Amer-
ican General who sent the famous
message that "Our men would not
understand an order to retreat" is
Maj. Gen. Robert L. Bullard. The
French commander in the sector mes-
saged Gen. Bullard to retire, as to
press forward would cost men and
the ground involved was of no strate-
gic importance. To this Gen. Bul-
lard sent the now famous reply that
has taken rank with the military
epigrams of Nelson, Lawrence and
Perry.

The allied forces in pursuit of the
Germans have passed through ver-
itable channel houses, strewn with
the debris of war. Bodies of men
and horses are mingled with broken
down vehicles alongside of monster
ammunition dumps, some partially
exploded and others intact. Bodies
of Germans found in clusters show-
ed the range of the allied artillery
and indicate that severe punishment
was inflicted on the fleeing columns
by the French, American and Brit-
ish aviators.

The German supply base, Fumes
was taken Sunday after a heavy
artillery fight that began in the
middle of the afternoon. A few Amer-
icans entered the town Saturday af-
ternoon and remained there all night.
They were driven out early Sunday.
The Germans threw gas shells and
shrapnel into the southern part of
the town, making it inadvisable for
the little party to remain longer.
Sunday night it was occupied perma-
nently and 2,400 more prisoners
counted.

TERRIBLY SWOLLEN

Suffering Described As Torture
Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of
this place, writes: "My husband is an
engineer, and once while lifting, he in-
jured himself with a piece of heavy ma-
chinery, across the abdomen. He was
so sore he could not bear to press on
himself at all, on chest or abdomen. He
weighed 165 lbs., and fell off until he
weighed 110 lbs., in two weeks.

He became constipated and it looked
like he would die. We had three different
doctors, yet with all their medicine, his
bowels failed to act. He would turn up
a ten-cent bottle of castor oil, and drink
it two or three days in succession. He
did this yet without result. We became
desperate, he suffered so. He was swollen
terribly. He told me his suffering
could only be described as torture.

I sent and bought Theodor's Black-
Draught. I made him take a big dose,
and when it began to act he fainted, he
was in such misery, but he got relief and
began to mend at once. He got well,
and we both feel he owes his life to
Theodor's Black-Draught."

Theodor's Black-Draught will help you
to keep fit, ready for the day's work.

DR. POWELL'S BOOK.

I wish to call the attention of
the reading public in Hopkinsville, to
a recent book entitled, "Life and
Service," from the gifted pen of
Dr. Lewis Powell, who is pastor of
the local Methodist Church. I have
read the book with much pleasure
and profit, and can testify that every
chapter is worthy of commendation.
I wish especially however, to com-
mend the chapters on "Trings True
and False in Evolution," "The Ori-
gin of Man," "Home Building," and
"Evangelism." These chapters carry
a vital message to all, but the chap-
ter on "John Wesley in Social Ser-
vice," is fraught with peculiar inter-
est to the Methodist reader. Dr.
Powell has put the public under obli-
gation to him by this splendid con-
tribution to the religious literature
of the day.

The book is on sale at Elgin's
Drug Store, and can be had for \$1.00.

CASUALTIES.

Washington, Aug. 3.—Senators of
the Military committee who today
asked General March, chief of staff,
if he had any estimate of American
casualties in the recent fighting were
told that the Government had abso-
lutely none.

General March told the Senators
and also the Washington correspond-
ents in response to their ques-
tions that Secretary Baker said in
his statement last night that Gen-
eral Pershing was under difficulties
in gathering the names of many
casualties, some of them French and
British over a wide area and that
it had been as yet physically im-
possible to gather the list.

One of the Senators asked what
the extent of casualties already re-
ported to the War Department was,
and General March replied that it
was between 12,000 and 14,000.
This is the sum total of all casual-
ties announced to date by the War
Department; it is the total as given
in the Department's weekly summary.

This statement was made the ve-
hicle of sensational reports sent out
from Washington to the effect that
General Pershing had reported to
General March that he estimated at
12,000 the American casualties in
recent fighting.

Senators who attended the con-
ference, and War Department offi-
cials generally, denounced the sub-
limed report as misleading in every
way. It was reiterated officially,
and stated specifically by General March
that General Pershing had made no
estimate.

The official transcript of Gen-
eral March's talk with the Washing-
ton correspondents contains this
question and answer:

"Have you any estimate as to the
number of casualties?"

"None whatever."

CAMP TAYLOR CROWDED.

Facing the probability of 30,000
men of the August draft call ordered
to Camp Zachary Taylor arriving
before the men now at the camp
are transferred elsewhere, high offi-
cials are now endeavoring to find quar-
ters for the recruits. The camp now
is crowded with soldiers and officers
candidates in training at the Artil-
lery Officers' Training School, and
many are sleeping under canvas.

JOSEPHUS AND JOSEPH DANIELS

Josephus Daniels, secretary of war, and Joseph Daniels, his aid.
The similarity in names is a coincidence. Joseph Daniels is responsible for the
aid's present assignment. For he is the one who has been in charge of the war with
Admiral Sims, and his viewpoint is that the war is a long one. He is one
of the most conspicuous examples of the war's progress. He is a man of
promotions from the ranks in the war, and he is a man of the war. He is a
personnel at the age of seventeen in the war, and he is a man of the war. He has been
promoted steadily through all the grades to see the war.

SERVICE FLAG DEDICATED
AT LONGVIEW SUNDAY.

One of the largest audiences seen
at the Longview Methodist church
for many years was present at the
Sunday morning service yesterday,
to witness the dedication of the ser-
vice flag in memory of the boys who
have gone out from this church.
Some of these boys are now in the
training camps of this country and
some are "Over There." The names
of these young men are as follows:

Raymond Everett McGraw, Wil-
liam Henry Koon, Clyde W. Smith-
son, Guy S. Smithson, Austin Pierce
Smithson, Robert H. Cato, Raymond
Allen Rives, Morris A. Draper, Dou-
glas B. Gray, William B. Stroube,
Lucien Moseley.

Through an oversight the name of
Mr. Moseley did not appear on the
roll of honor but his star will be
placed on the flag with the others.

Following the exercises by the
children of the Sunday School the
presentation speech was delivered by
Hon. Frank Rives. Mr. Rives, in
the course of his remarks paid a
beautiful tribute to young McGraw,
who died at Camp Taylor some
months ago, stating that while he did
not die on the field of battle, yet we
cherish his memory because he died
for his country and for the world.
The speech of acceptance was deliv-
ered by Mr. Jordan Rives. His re-
marks were appropriate to the occa-
sion and the speech was pronounced
by many as one of the best heard
at a flag service this year.

RETIRE ON TEN MILE FRONT.

The retirement of the Germans be-
tween Montdidier and Moreuil is over
a front of approximately ten miles.
On the southern half of this front
American contingents have been sta-
tioned for some time. Along the
northern half the French on two
occasions have driven in the German
lines so that their front before the
present German withdrawal began
ran along the hills dominating the
Aire from Castel to Aubervilliers.

This withdrawal, taken in conjunc-
tion with the German retirement
across the Ardre front Dernancourt
to Hamel, about 14 miles to the
north, marks the beginning of a Ger-
man "strategic retreat" which may
have been planned to forestall a Brit-
ish attack which London dispatches
had indicated was imminent in this
sector.

FLOURLESS LOAF.

(By Associated Press.)

Amsterdam, Aug. 3.—Experiments
to perfect a flourless loaf to take the
place of bread have been recently
conducted in Germany, according
to word received in Amsterdam.

Advices from Berlin say that the
Workmen's Food Control Commission
has successfully carried on the ex-
periments with the result that bread
without flour was made. The experi-
ments are said to have been satis-
factory. The formula for the new
bread substitute is not given.

WEAK KIDNEYS MAKE WEAK
BODIES

Kidney Diseases Cause Many Aches
and Ills of Hopkinsville People.

As one weak link weakens a chain,
so may weak kidneys weaken the
whole body and hasten the final
breaking-down.

Overwork, strains, colds and other
causes injure the kidneys, and gen-
erally when their activity is lessened
the whole body suffers.

Aches and pains and languor and
urinary ills frequently come, and
there is an ever-increasing tendency
towards dropsy, gravel or fatal
Bright's disease. When the kidneys
fail there is no real help for the
sufferer except kidney help.

Doan's Kidney Pills act directly on
the kidneys. Hopkinsville testimony
is proof of their effectiveness.

Mrs. Sanders Johnson, 222 E.
Eighteenth street, Hopkinsville, says:
"Last summer I had an attack of
kidney trouble and suffered great-
ly with my back. It made me miser-
able and I felt dull and languid and
could hardly keep going. My back
was so sore and lame. A friend
advised me to use Doan's Kidney
Pills and I got a box. This medicine
rid me of the backaches and brought
other splendid results."

KENTUCKY BOY WOUNDED
BY GRNAD IN FRANCE.

Lexington, Ky., Aug. 4.—Mrs.
George Wilson, of Paint Lick, has
received a letter from Miss Margaret
Cluny, a nurse in France, that Mrs.
Wilson's young son Gilbert is in a
hospital suffering from wounds in
his throat caused by the bursting of
a grenade, by which he was badly
injured. The nurse says that a silver
tube had to be inserted in Wilson's
throat and another in his stomach,
but that he is doing nicely. Mrs.
Wilson has four other sons in the
army. Burnham, John Grover and
Hume. All were students at the Uni-
versity of Kentucky when the war
broke out and promptly enlisted.

BUILDING OPERATIONS IN 1917.

The building operations in the
larger cities of the country were
much less in 1917 than in 1916, ac-
cording to the United States Geolog-
ical Survey, Department of the
Interior. In 60 selected cities 129,
738 permits were issued or buildings
erected in 1917, a decrease of 70,
044. The cost of these operations
was \$584,193,378 in 1917, as against
\$839,684,512 in 1916, a decrease
of \$255,491,134, or 30 per cent. The
building operations in Greater New
York cost \$90,221,357, in Chicago
\$49,167,990, in Detroit \$39,666,800,
in Philadelphia \$33,050,220, and in
Cleveland \$30,483,750.

Of the 60 cities selected 45 showed
decrease and 12 showed increase. The
decrease in Greater New York was
\$109,010,819, or 55 per cent; in Chi-
cago, \$63,667,160, or 56 per cent; in
Detroit, \$11,401,510, or 22 per
cent; and in Philadelphia, \$16,269,
005, or 33 per cent. Waterbury,
Conn., where the building operations
cost \$6,562,930, showed the largest
increase—\$2,292,930, or 54 per cent.
The other cities that showed increase
were Akron, Atlanta, Chester, Den-
ver, El Paso, Hartford, Los Angeles,
New Haven, Omaha, Sioux City, and
Youngstown. Various reasons are
given for these changes. The principal
causes of decrease were the scar-
city and high cost of material and
labor. In some cities the cause
of decrease was financial stringency.
The cause of increase were local. In
New Haven, for example, a great
increase was caused by the erection
of a large building for Yale Univer-
sity.

For 1917 a total of 145 cities
reported operations costing \$687,
415,605. For 1916 practically the
same cities reported operations cost-
ing \$1,024,211,675. Of the 145 cities
reporting for 1917, 129 stated opera-
tions by classes of structures. The
total cost of the buildings erected
in them was \$632,694,952. The part
of this amount expended on wood-
en buildings was \$168,290,958, or
27 per cent; on brick or hollow-tile
buildings \$322,147,677, or 51 per
cent; on stone buildings, \$4,589,168,
or less than 1 per cent; on concrete
buildings, \$66,511,390, or 11 per
cent; and on steel skeleton build-
ings, \$58,440,261, or 9 per cent.

MUST DISSOLVE.

Federal Court decrees declaring
the so-called Harvester trust to be an
unlawful combination and ordering
its dissolution are to be carried into
effect at once, under an agreement
between the Government and the In-
ternational Harvester Company. The
suit was instituted by the Govern-
ment in 1912 and an appeal has been
pending in the Supreme Court since
1915. Under the agreement the com-
pany's appeal will be dismissed.

MAILING MOUNTAINS
OF HELMETS HOME.

(By Associated Press.)

With the American Army on the
Aisne-Marne Front, Aug. 3.—Every
American post office near where the
fighting troops are camped is filled
each day with German helmets ad-
dressed to relatives and friends in
the United States. Officers and men
members of the Y. M. C. A. and
Red Cross, and, in fact, every one
appears to be sending helmets.
These trophies are found along
roads, in forests and in fields, every-
where the Germans retreated. Hel-
mets with bullet holes are particu-
larly in demand. Most of the hel-
mets are enclosed in flour sacking
and pieces of gunny sack. Others
are not wrapped, the address being
pasted on the crown in the left hand
corner.

Some addresses read:
"From the Kaiser," others, "From
Hindenburg."

In addition, the addresses have the
initials of the sender.
The depots for assembling battle-
field leftovers are all well filled.
Helmets at one depot form a pile
larger than an ordinary bungalow.

Farmers, mechanics, railroaders,
laborers, rely on Dr. Thomas' Elec-
tric Oil. Fine for cuts, burns, bruises.
Should be kept in every home. 30c
and 60c.

GOOD START FOR A FAMILY.

(By Associated Press.)

Goldboro, N. C., Aug. 3.—John
Ward, a negro called a "dumb" in a
recent trial held here told the court
he was the father of thirty-five chil-
dren and that thirteen sons were in
military service. Ward, who is 62
years old, has been married three
times and has twenty-two living chil-
dren.

The negro says his first wife bore
15 children in six years—quadruplets
twice, two sets of triplets and one sin-
gle child. The second wife he said
gave birth to twelve children, twins
twice. The third wife gave birth to
eight children. Five of his military
service are in France, and eight are
in training camps in this country.

NOTICE TO TAXPAYERS.

You are required to call at the
County Assessor's office once and
give in your list of property for tax-
es, for we cannot tax everybody the
last day. I have from July 1, 1918,
to Nov. 1, 1918, to list 15,000 taxpay-
ers. Consequently everyone who can
should come in now in order to save
paying a penalty and rush.
